PROFESSIONAL SUMMARY

Junior UI/UX Designer with a B.Sc. in Computer Science and hands-on experience creating Figma wireframes, interactive prototypes, design systems, and responsive interfaces. Completed a UI/UX internship at Orange Jordan and designed web interfaces in Figma before implementing them with front-end technologies. Focused on intuitive, user-centered digital experiences.

CORE SKILLS

UI/UX Design: Figma, Wireframing, Interactive Prototyping, User Flows, Information Architecture, Design Systems, Reusable Components, Responsive UI Design, UX Research, Basic Usability Testing

Development: HTML5, CSS3, JavaScript, Tailwind CSS, PHP, Laravel, SQL

WORK EXPERIENCE

UI/UX Design Intern | Orange Jordan | Jul 2025 – Aug 2025

- Created 10+ Figma wireframes and interactive prototypes for service and appointment-booking journeys.
- Applied reusable components and consistent visual patterns across screens to support a cohesive interface.
- Refined navigation, layouts, and booking interactions based on mentor feedback and usability observations.

SELECTED PROJECTS

Finance App | UI/UX Design Project (In Progress)

- Designed mobile finance dashboard screens and Figma foundations for colors, typography, spacing, and reusable components.
- Built interactive prototype states for navigation, category selection, and transaction-related interface elements.

Evalora | UI Designer & Front-End Developer | Graduation Project

- Designed user interface screens in Figma for a platform helping IT students and graduates showcase profiles, projects, and skills.
- Translated Figma designs into responsive web pages using HTML, CSS, and JavaScript.
- Collaborated with a three-person team on a platform featuring career opportunities and AI-generated performance evaluations.

Event Planner Website | Front-End Project | Mar 2024 – May 2024

- Designed and developed responsive event-planning pages using HTML, CSS, and JavaScript, emphasizing clear navigation and consistent layouts.

TRAINING & EXPERIENCE

Full Stack Development Trainee (Completed) | Robotna x DigiSkills | May 2026 – Sep 2026

- Built a Laravel-based web application using PHP, SQL, and Tailwind CSS, implementing authentication, CRUD operations, and database relationships.

EDUCATION

B.Sc. in Computer Science | The World Islamic Sciences and Education University | Jan 2026
